

Greg Martin Electric

Licensed C-10 Electrical Contractor | Residential Smart-Home Specialist

Company Overview

Greg Martin Electric is a premier electrical contracting firm specializing in high-end residential restoration across the fire-impacted corridors of Los Angeles County. We bridge the gap between rigorous safety codes and luxury aesthetics, providing "turn-key" electrical systems for homeowners rebuilding in Malibu, Eaton Canyon, and the City of Los Angeles.

Core Competencies

- **Luxury Automation (Lutron HomeWorks/Ketra):** Certified Lutron PRO installer providing sophisticated lighting control and automated shading solutions.
- **Wildfire-Resilient Infrastructure:** Specializing in utility undergrounding, fire-hardened panel protection, and smart energy-storage integration.
- **Expedited Permit Management:** Expert navigation of the **EPIC-LA** (County) and **Malibu Development Portal** for accelerated post-fire rebuilding approvals.
- **Title 24 Compliance:** Design-build services ensuring all new construction meets or exceeds California's latest energy efficiency and solar mandates.

Service Jurisdictions

- **City of Malibu:** Experienced in "Like-for-Like" rebuild standards and coastal zone electrical requirements.
- **Eaton Canyon / Altadena:** Registered for recovery infrastructure projects within Unincorporated LA County.
- **City of Los Angeles:** Active participant in the Bureau of Contract Administration "Rebuild LA" vendor network.

Company Credentials

- **CSLB License:** #430492 (C-10 Electrical)
- **General Liability Insurance:** \$2,000,000
- **Workers' Compensation:** \$2,000,000
- **Certifications:** Lutron PRO Installer
- **Service Area:** Malibu, Eaton Canyon, Altadena, Pacific Palisades, and Greater Los Angeles.
